CRIME SCENE INVESTIGATION

KILLED

The Highlights

- Investigate a live crime scene
- Full CSI kit including suit, masks & gloves
- Use real forensic equipment
- Designed by Ex-Scotland Yard Detectives

About The Experience

Immerse your team, push boundaries and open your eyes to the challenges faced by Detectives and Crime Scene Investigators. Killed, created by senior Ex-Detectives and forensic scientists, is the most immersive and thrilling experience there is.

Be entertained and captivated through a series of forensic challenges using real equipment, giving you the opportunity to solve the case through the actual methods employed by real Crime Scene Investigators.

CEO Jonathan Buckley has been found murdered in his office... from blood, ballistics, fingerprinting, DNA and much more your teams will need to solve this crime and catch the perpetrator!

Delve into your team files, police statements, evidence and snippets of information! All of this will help your team to solve who committed the bloody murder!

Are you ready to find out what the motive is? How the murder took place?

What evidence is available to connect suspect(s) to the crime scene? Unlike the event, it will be quick and easy to uncover how the activity 'Killed' is so prestigious.

Killed Includes

- Full briefing from our enthusiastic trainer
- Fingerprint masterclass (including taking your own & dusting for fingerprints)
- Background to the crime!
- The full investigation includes; DNA, Forensic Dentistry, Hair & Fibre Analysis, Fingerprinting, Blood Spatter Patterns, Ballistic Examination (Bullets), Constructing photo fits (using FBI Software)
- The evidence is collated and teams come to a conclusion
- Medals are awarded to the winning teams

Set Up Time: 1 Hour | 2-3 Hour Event | Pack Down Time: 1 Hour
